

# Waterproofing system for roofs and balconies

industrial

**RESSICHEM**  
adding life and value to your property

# Step 1

Casting of Roof Slab with the addition of **Water Guard Crysta Admix 103** in the concrete mix. (if Needed)

## Note

conduits can be covered with a cement sand mortar comprising of **Ressi SBR 5850** and **Silmix**. Chamfers can also be made using the same materials. Along with the floor screed in slope

## Step 2

Application of Water Guard 3020N.

An easy to maintain effective solution for industrial roofs.

Thank You
